

Privacy Policy

Update time: December 15, 2021

This software respects and protects the personal privacy of all service users. In order to provide you with more accurate and personalized services, we will use and disclose your personal information in accordance with the provisions of this privacy policy.

When you agree to this software service use agreement, you are deemed to have agreed to the entire content of this privacy policy.

1. Information collection

(a) In the product, due to functional needs, the device information identifier may be used as the basis to help you establish a default account so that you can directly log in and use the product and related services.

(b) When you use a payment-related function, the payment is completed through a payment service provided by a cooperative third-party payment institution. The third-party payment service may use biometric information for payment verification. When you use a third-party payment service, please read the privacy policy of the third-party organization. If you disagree with the agreement, please stop using the third-party payment service in time.

(c) System album permission description: When you need to extract audio from the video and modify the background music for the video, you need to authorize us to use the system album permission in order to use the function. If you do not agree to

the authorization, you will not be able to use the above functions.

2. Use of Information

(a) This software will not provide, sell, rent, share or trade your personal information to any unrelated third party, unless you have obtained your permission in advance, or the third party and this application separately or jointly provide services to you, and in After the end of the service, it will be prohibited from accessing all these materials that it was able to access before.

(b) This application also does not allow any third party to collect, edit, sell or disseminate your personal information by any means. If any user of this application platform engages in the above activities, once discovered, this application has the right to immediately terminate the service agreement with the user.

3. Information Disclosure

Under the following circumstances, this application will disclose your personal information in whole or in part according to your personal wishes or legal requirements:

(a) Disclosure to a third party with your prior consent;

(b) In order to provide the products and services you request, you must share your personal information with third parties;

(c) Disclosure to third parties or administrative or judicial institutions in accordance with relevant provisions of the law, or the requirements of administrative or judicial institutions;

(d) If you violate relevant Chinese laws, regulations, or this application service

agreement or related rules, you need to disclose to a third party;

(e) In a transaction created on this application platform, if any party to the transaction fulfills or partially fulfills the transaction obligation and makes a request for information disclosure, this application has the right to decide to provide the user with the contact information of the counterparty, etc. Information to facilitate the completion of transactions or the resolution of disputes.

(f) Other disclosures deemed appropriate by this application in accordance with laws, regulations or website policies.

4.information storage

The personal information we collect and generate within the territory of the People's Republic of China will be stored in the territory of the People's Republic of China. We promise that the storage time of your personal information will always be within a reasonably necessary period. We store user information in accordance with the length of business needs and relevant national laws and regulations. We will keep relevant information while you are not canceling your account. After the necessary period, we will delete or anonymize your personal information, except when laws and regulations require that it cannot be deleted or cannot be anonymized.

5. Use of Cookies

(a) We may collect your information by placing secure cookies and related technologies in order to provide you with more personalized user experience and services. You can also set management cookies, but if you disable cookies, you may not be able to enjoy the best service experience, and some services may not work

properly.

(b) This policy will apply to the relevant information obtained through the cookies set in this application.

6. Information Security

(a) During your use of this software service, in order for you to access and manage your personal information more conveniently, we have provided you with corresponding operating settings in the product design:

The software supports you to change or revoke the existing authorization, you can change the scope of consent or withdraw your authorization in the phone settings; You can view the entire content of this privacy policy in "My—About Us—Privacy Policy".

(b) We are committed to using various security technologies and supporting management systems to ensure your information security within a reasonable security level. Minimize the risk of your information being leaked, destroyed, misused, unauthorized access, unauthorized disclosure and modification. For example: Encrypted transmission through network security layer software (SSL), encrypted storage of information, strict restrictions on data center access, use of dedicated network channels and network agents.

(c) We have established a personal information protection department and established a relevant internal control system. In addition, we will hire an external independent third party to evaluate our information security every year.

7. Changes to this privacy policy

If there is a need to change the privacy policy, we will post these changes in this policy and where we deem appropriate so that you can understand how we collect and use your personal information, who can access this information, and under what circumstances we will disclose these messages.
